${\bf Programming}$	Languages
Fall 2007	

## Quiz 1-2007

N.T.		
Name:		

**Instructions:** (0 points) There are no wrong answers. Nevertheless, this quiz is important and should be turned in since it will serve as an early warning mechanism for students who are unlikely to succeed.

1. Which programming languages do	you know?	
Ada	Assembly (any)	Basic
$\square$ C	C++	C#
Cobol	Fortran	Haskell
Java	JavaScript	Lisp
$\square$ M4	$\square$ ML	Modula-2/3
Objective-C	Pascal	Perl
PHP	Prolog	Python
Ruby	Scheme	Smalltalk
$\square$ TeX	#!sh	
2. How big is the largest project you	have implemented on your own?	
less than 500 lines of code	less than 5.000 lines of code	less than 50.000 lines of code
less than 100.000 lines of code	=	_
	code	
3. How big is the largest project you	have worked on?	
less than 500 lines of code	less than 5.000 lines of code	less than 50.000 lines of code
less than 100.000 lines of code	more than 100.000 lines of	
	code	
4. Which tools are you familiar with	?	
bash	Eclipse	(x)emacs
$\square$ gdb	LaTeX	(f)lex/yacc
☐ javaCC/JTB	JLex/javacup	Subversion/CVS
5. You are in computer science beca	use:	
you like to do math	you like to do theory	you like to program
forgot why	not in computer science	other reasons (put below):
6. How much debugging experience	do you have?	
never done it	I love printf	Used gdb/eclipse once
Used gdb/eclipse often	Master of gdb/eclipse	Given time, no bug is too hard
7. How much C/C++ experience do		, 0
	know most of the syntax	know all of the C syntax
none know all of the C++ syntax	write $C/C++$ code in my slee	
know an or the O++ syntax	write 0/0++ code in my siee	P
8. How much Java experience do you	ı have?	
none	know most of the syntax	know all of the Java syntax
know all of the Java syntax	write Java code in my sleep	MIOW all Of the gava syntax
including the differences	write sava code in my sieep	
between various versions of		
Java
